

# MAKING GOVERNMENT WORK FOR YOU

## Term limits for legislative leaders

We need to limit how long legislative leaders can stay in power. Therefore, I proposed **SJRCA 21**, a constitutional amendment that would place term limits on legislative leaders in state government. The term limits I am backing would apply to the Speaker of the House, the Senate President and the minority party leaders in both chambers.

## Saving taxpayer dollars

**HB 4259** makes employees of lobbying entities ineligible for a taxpayer-funded pension through the Illinois Municipal Retirement Fund, State Universities Retirement System and the Illinois Teachers Retirement System.

I will continue working hard to save taxpayer dollars and ensure you don't have to pay pensions for lobbyists.

## Ending waste, fraud and abuse

Between 2010 and 2014, 11 of Illinois' 15 major government pension funds have made \$2.2 million in payments to more than 1,000 dead people. That needs to stop immediately.

**HB 6030** requires state pension funds develop and implement a process to find deceased pension recipients and eliminate them. This reduces waste, fraud and abuse of valuable taxpayer dollars. Reviewing pension rolls monthly will allow for greater oversight and accountability of where pension funds are going.
